A árvore

da escola

No pátio

da escola

havia

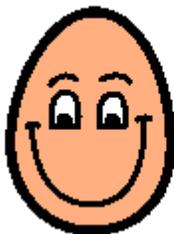

uma árvore

O Pedro

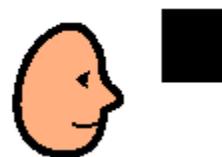

gostava

de correr

perto

da árvore

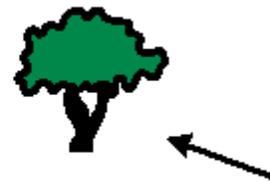

Não queria

chocar

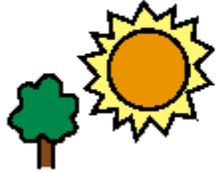

com ela

Um dia

parou

e reparou

nela

Era

fininha

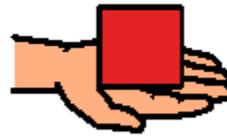

com ramos

finos

Tinha

algumas

folhas secas

O Pedro

aproximou-se

e acariciou-lhe

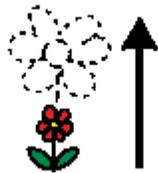

o tronco

De repente

brotou

uma folha nova

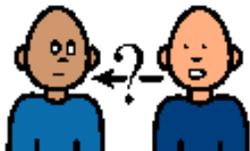

A professora

pediu-lhe

para não tocar

na árvore

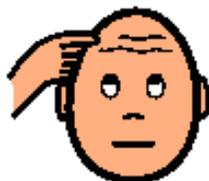

Para não estragar

Mas o Pedro

não parava de pensar

na árvore

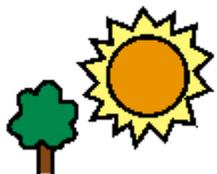

Dois

2

dias

depois

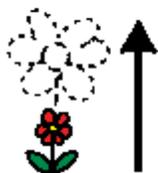

regou

a árvore

E cresceram

muitas

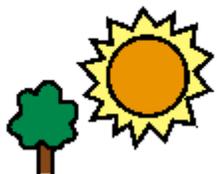

folhas

Três

3

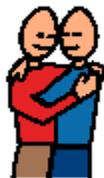

dias

depois

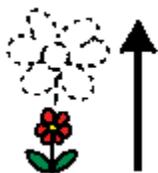

abraçou

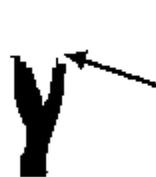

a árvore

E cresceu

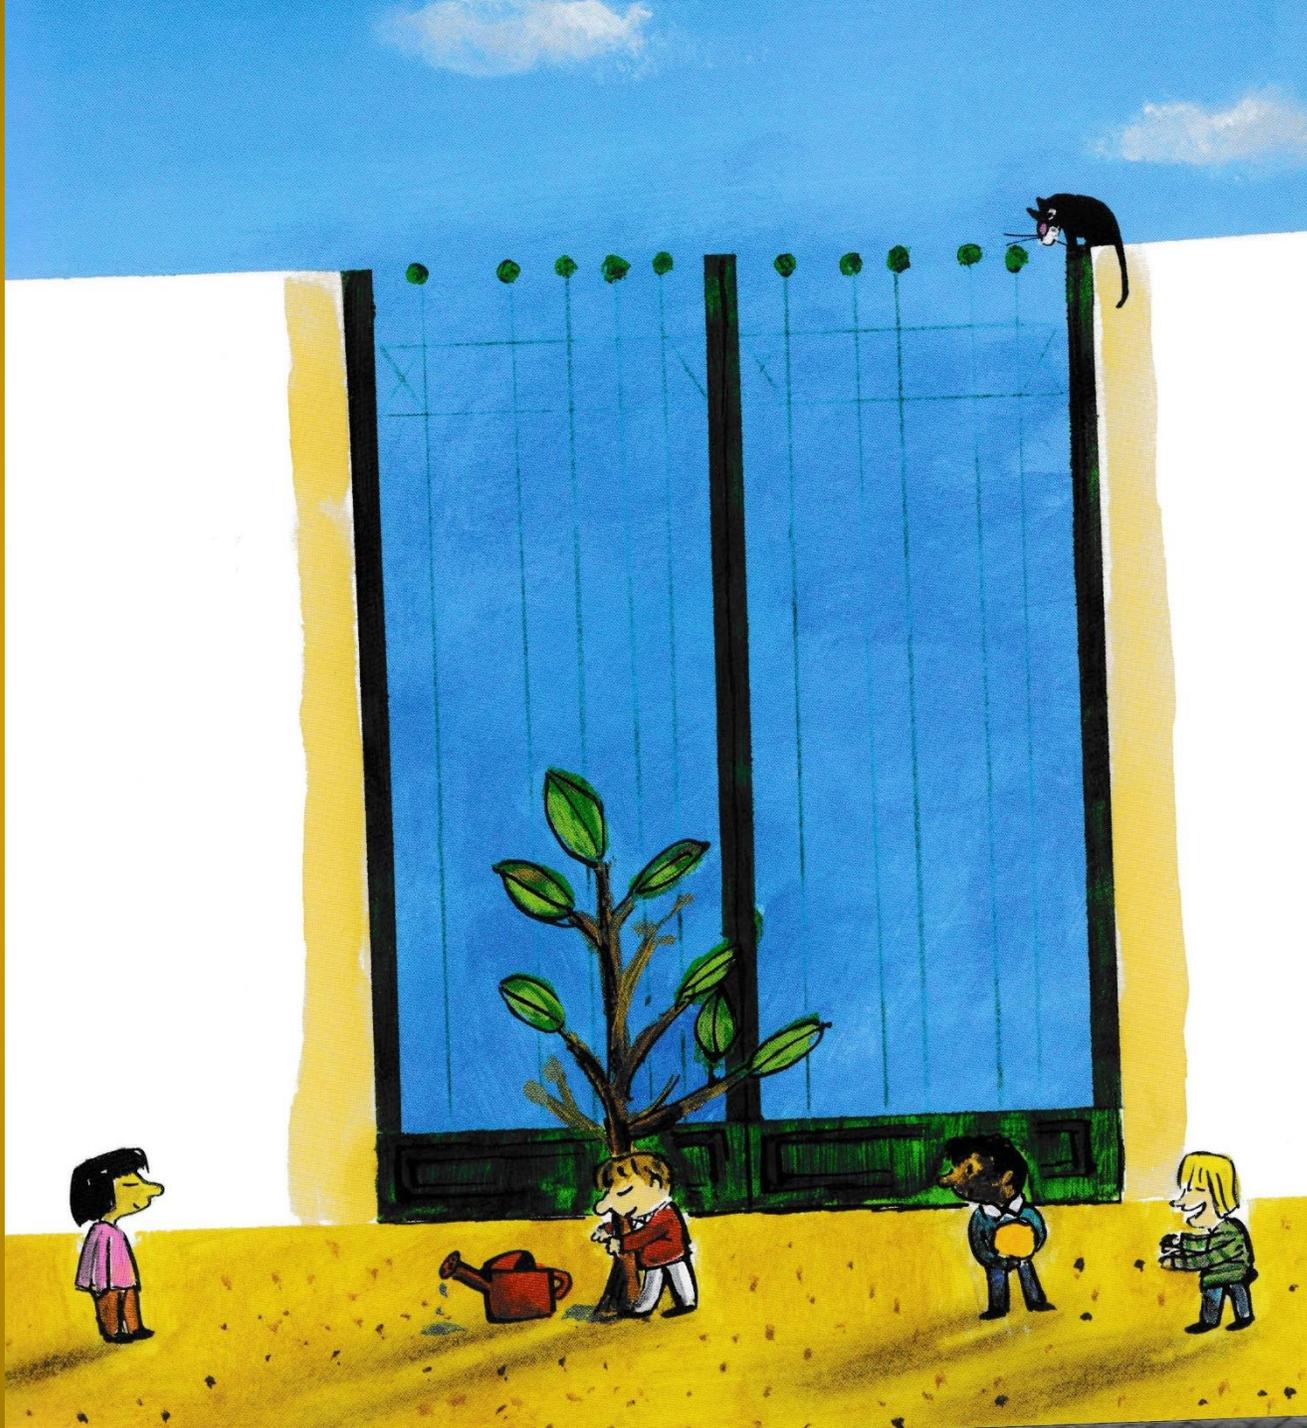

um ramo

novo

A professora

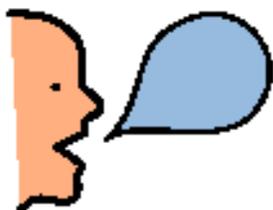

ralhou

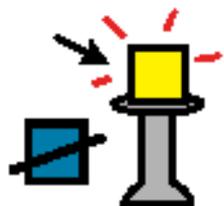

com o Pedro

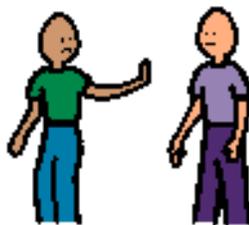

Disse-lhe

que era melhor

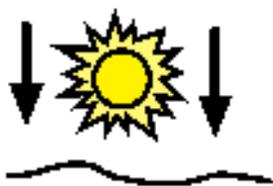

deixar em paz

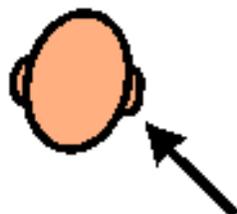

a árvore

À tarde

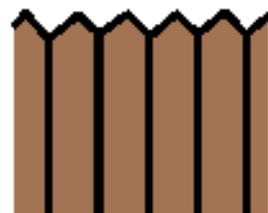

alguém

pôs

uma cerca

à volta

da árvore

Na semana

seguinte

o Pedro

trepou

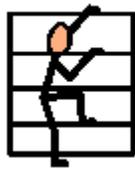

à árvore

A professora

teve que subir

à árvore

para ajudar

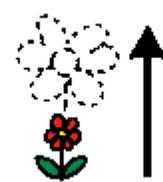

o Pedro

A árvore

tinha crescido

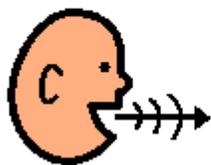

muito

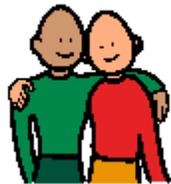

O Pedro

disse

aos colegas

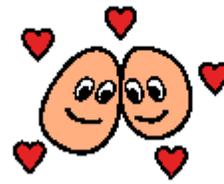

que as árvores

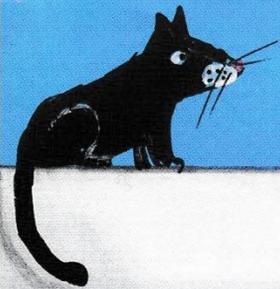

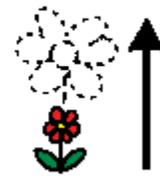

precisam

de amor

para crescer

A Marta

plantou

uma flor

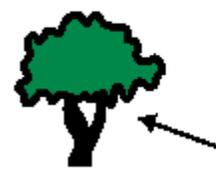

junto

à árvore

Para ela

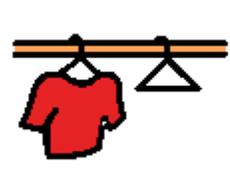

não se sentir só

O Luís

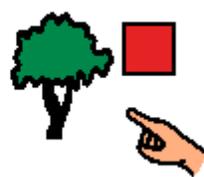

pendurou

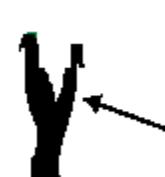

uma casa de pássaros

nos seus

ramos

A Sofia

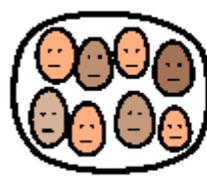

leu-lhe

um poema

Todos

aplaudiram

quando acabou

de ler

A professora

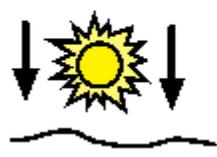

gostou

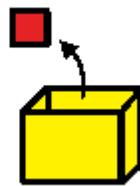

Naquela tarde

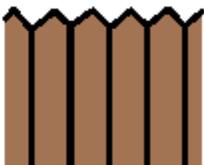

a professora

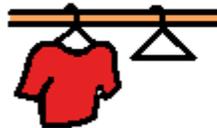

tirou

a cerca

Pendurou

um balanço

na árvore

As crianças

podiam

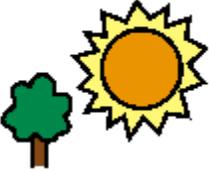

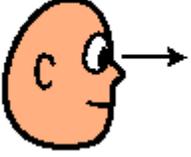

brincar

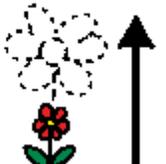

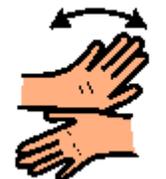

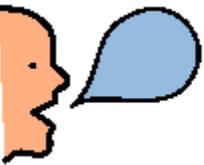

com a árvore

Dias  depois  uns cientistas  vieram ver  a árvore 

Ficaram  admirados  com o crescimento  da árvore 

Quando  terminaram  os estudos  disseram 

que a árvore  era única  e deviam tratá-la  com amor 

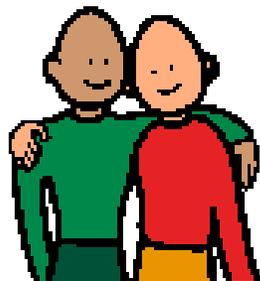

Pedro

e os colegas

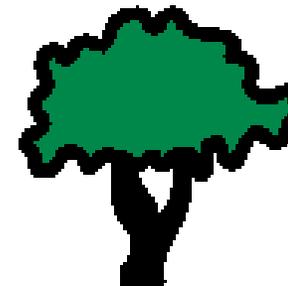

construíram

uma casa

na árvore

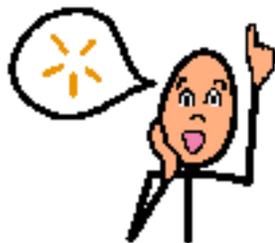

A professora

lembrou-se

que aquela cabana

era um lugar

fantástico

para ler

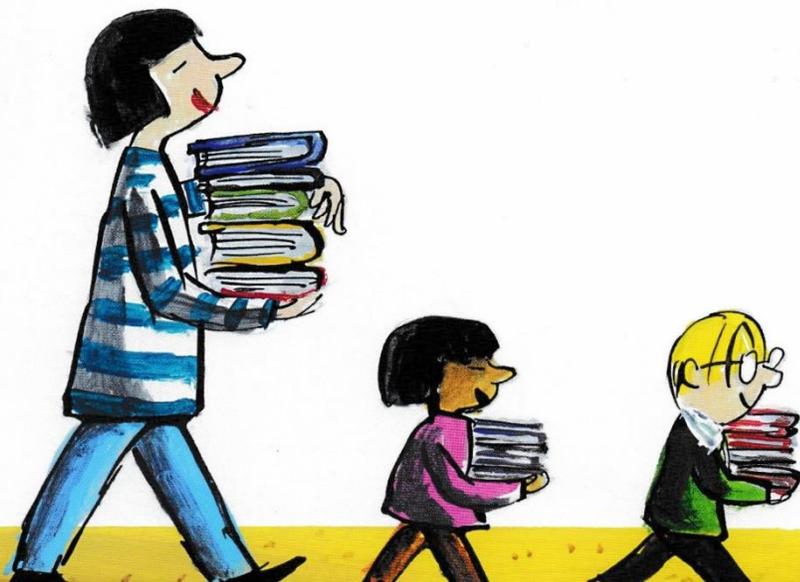

E mudaram

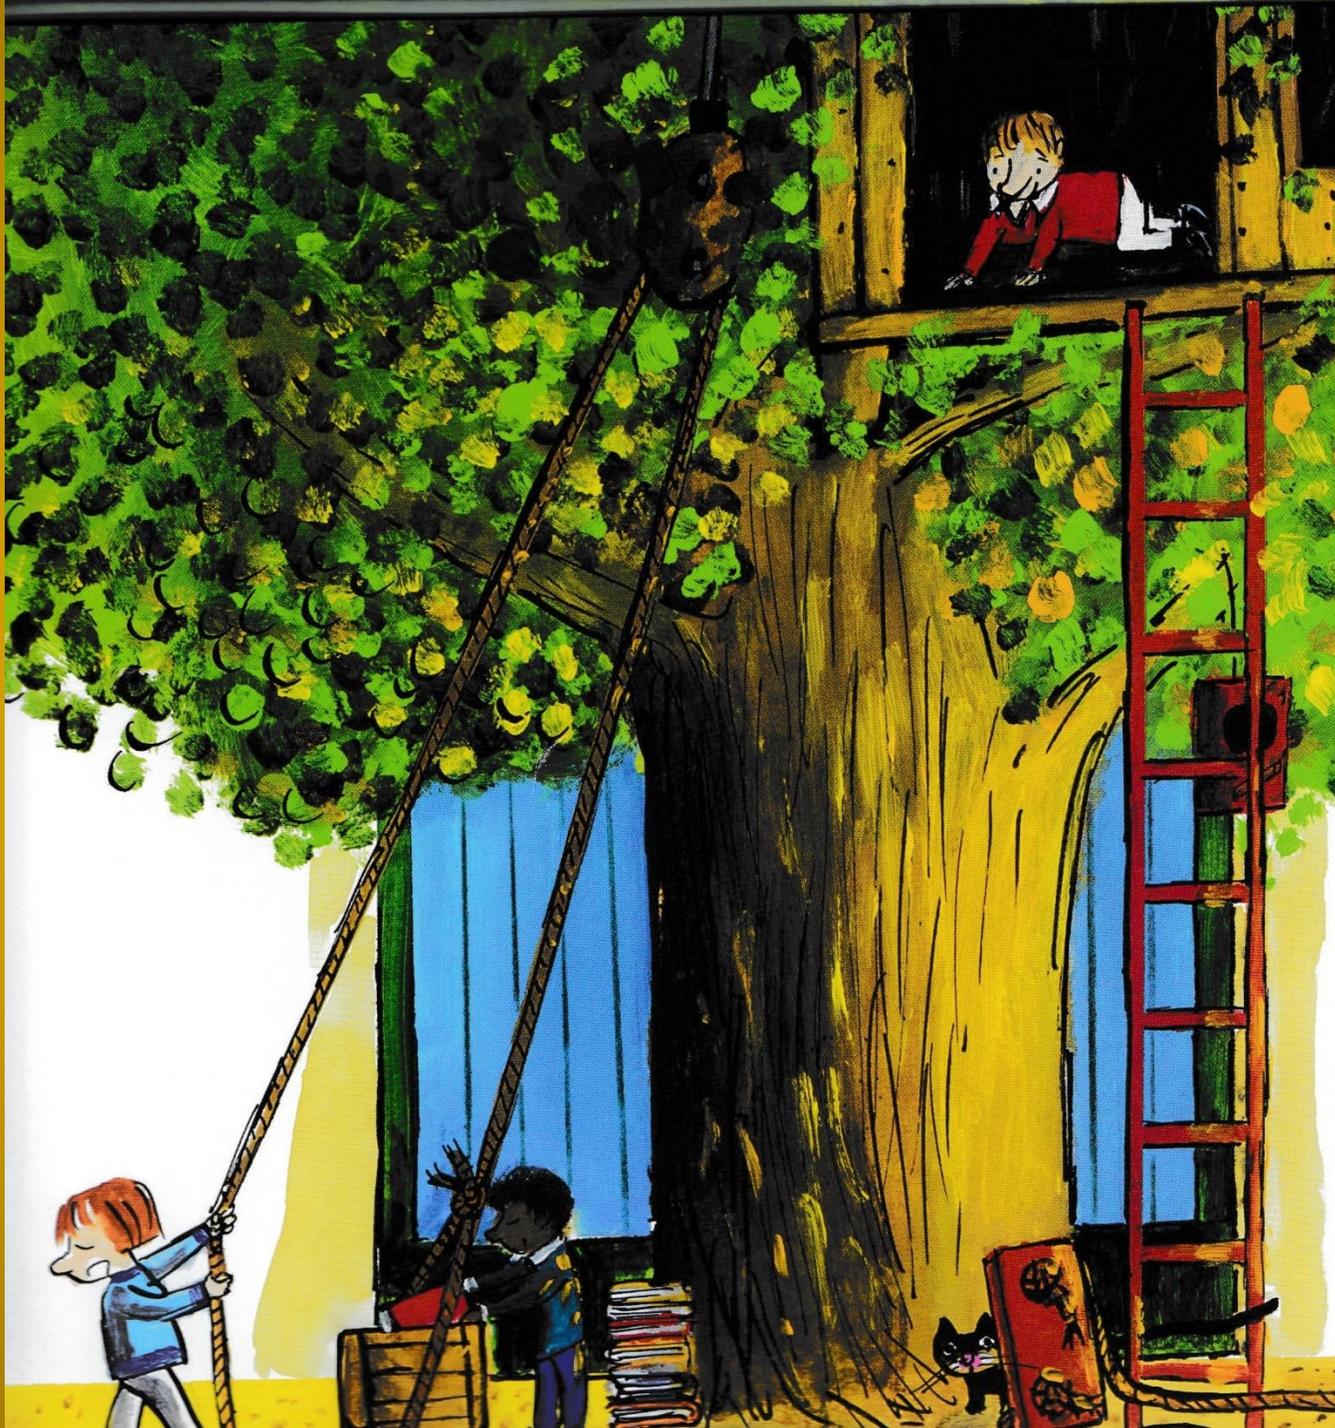

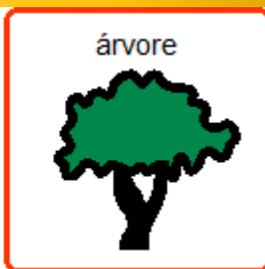

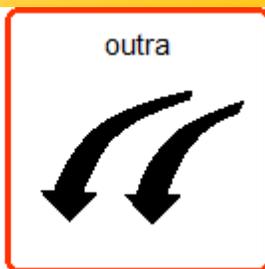

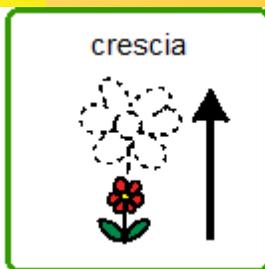

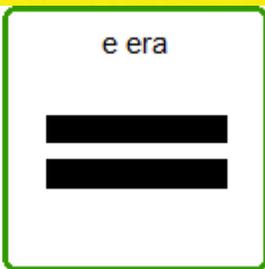

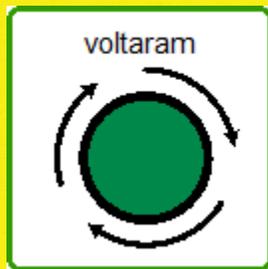

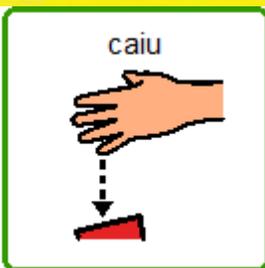

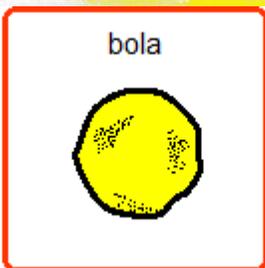

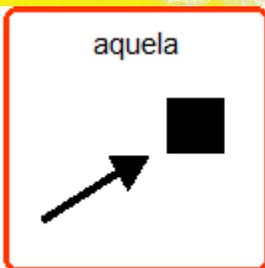

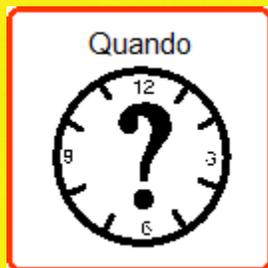

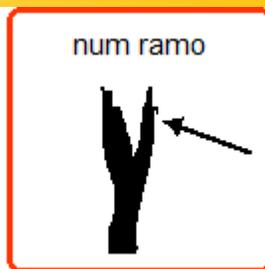

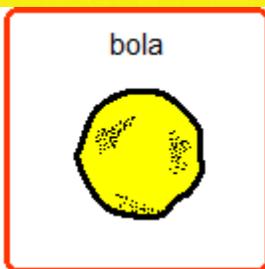

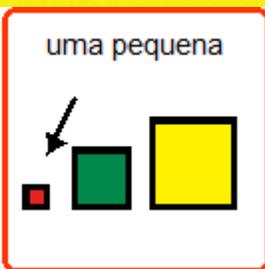

a biblioteca

para a cabana

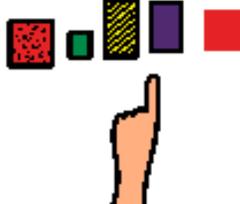

Houve uma reunião

na escola

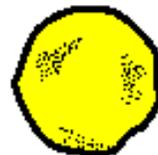

para decidir

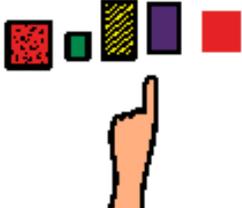

o que fazer

com a semente

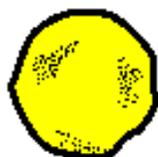

Decidiram

enviar

a semente

para uma escola

sem árvores

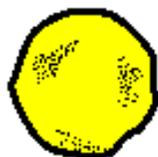

O carteiro

levou

a semente

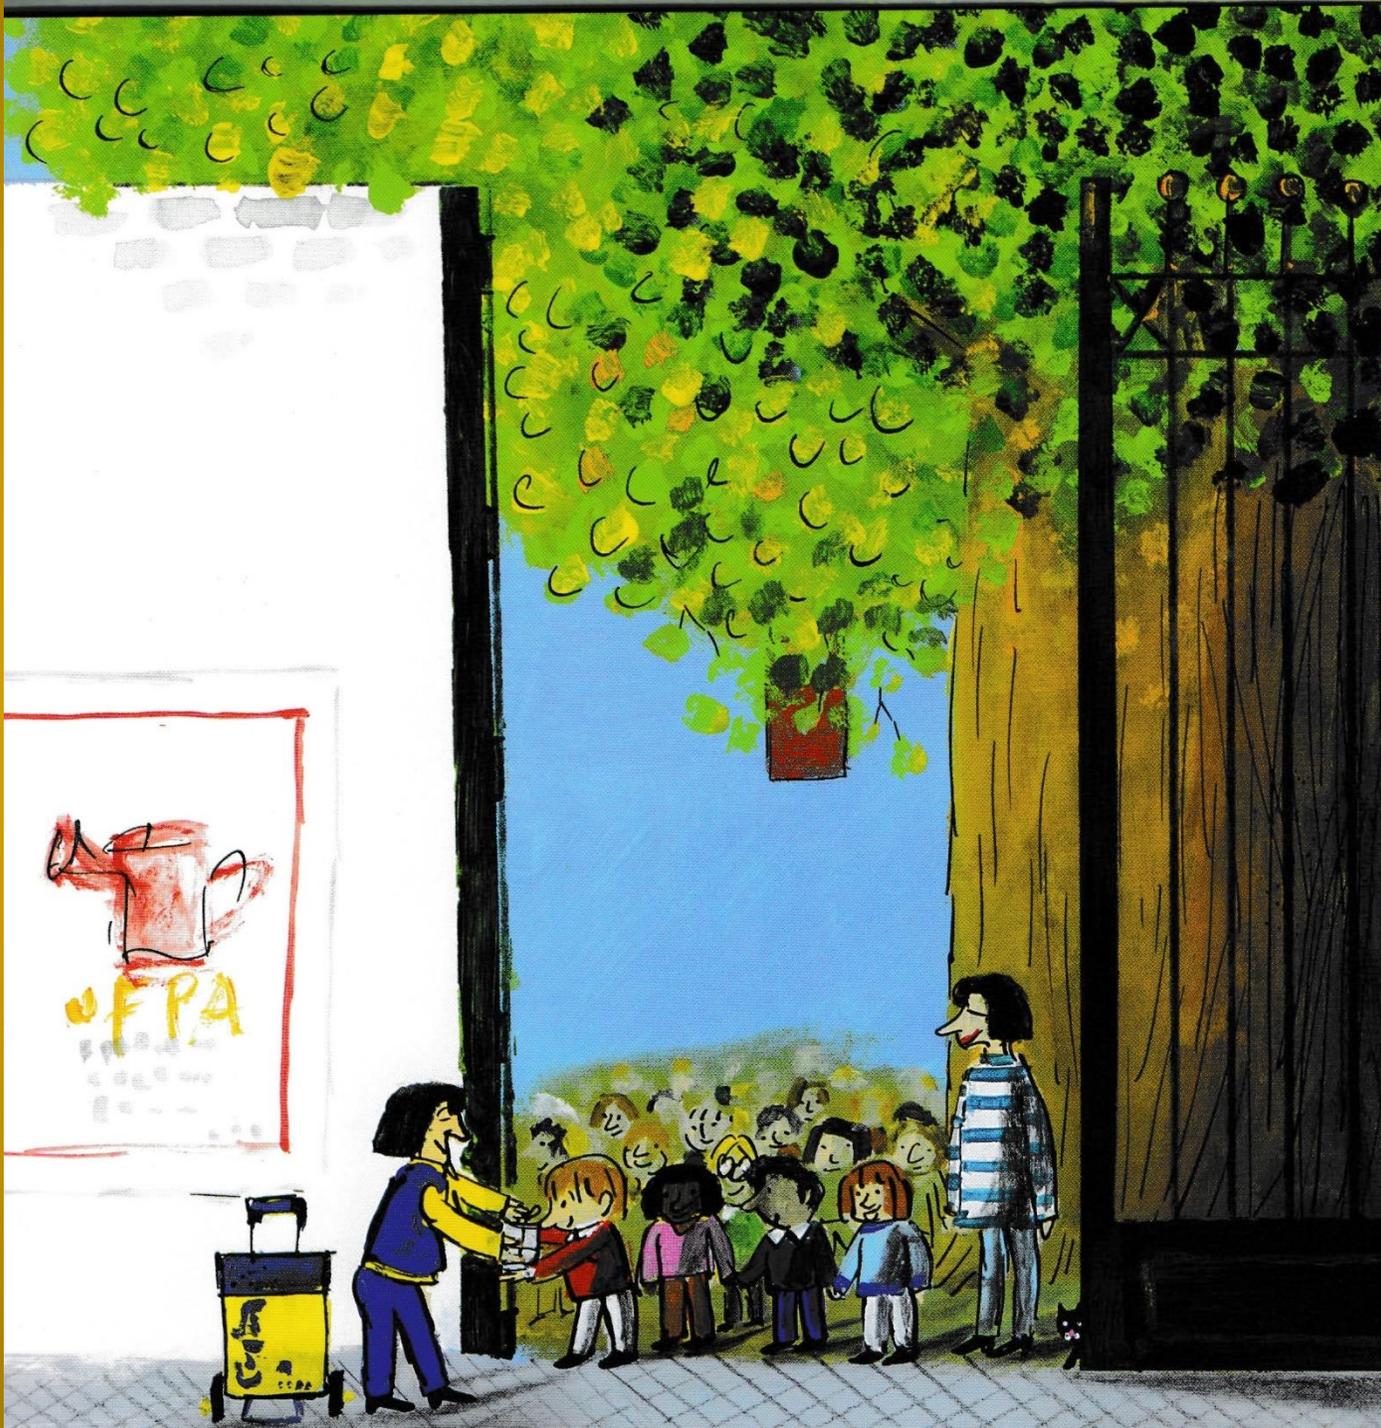

dentro

de uma caixa

Quando

a caixa

chegou

à escola

o diretor

plantou

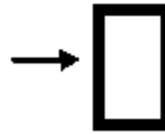

a semente

e colocou

um aviso

para ninguém

pisar

Começou a crescer

uma árvore

nova

Era

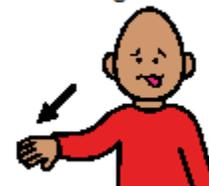

tão pequena

que ninguém

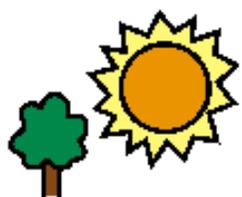

lhe ligava

Um dia

uma menina

reparou

na árvore

Era

fininha

com ramos

finos

A menina

aproximou-se

da árvore

e abraçou-a
